2.6.2 Attainment of Programme outcomes and course outcomes are evaluated by the institution. Describe the method of measuring the level of attainment of POs, PSOs and COs

The Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution which is based on the institute vision and mission. Attainment of COs, POs and PSOs will help to develop the education in excellence of the academy and improved strength of the students. Institution is affiliated to SavitribaiPhule Pune University, Pune and follows academic calendar and curriculum of the University.

Course outcomes (COs) are defined for each course and they are mapped with POs and PSOs. Course outcome evaluation criteria are based on the quantitative assessment, reflect the skills, knowledge and abilities of graduates regardless of the field of study. COs will be designed with the help of blooms taxonomy discuss and exchange learning and assessment methods. CO attainment depends on direct method of evaluation it includes internal test, assignment, tutorial, experiments, quiz, seminar, University internal and external examination.

Three target levels are set for direct attainments are Low, Moderate and High.

Sr. No.	Target Level	Average Percentage Level
1.	Low	41-50%
2.	Moderate	51-60%
3.	High	61% and above

This target level for attainment of COs will be set based on average marks of that course in the previous academic year.
